Why INFUSION?

FASTRACK...

It's simple... Because Church IS about YOU! Well, you and your walk with Jesus. Jesus made it about restoring you to what you were intended. Any good restoration project takes time and careful attention. Jesus called the people who received His attention in their restoration, his disciples. Discipleship is focused, deliberate... What you receive from the services is right now... what you receive in INFUSION makes the right now you get in service more effective... stronger.

FASTRACK... The best shortcut is the one that gives you all the benefit with the least effort.
 As a new believer? It's the answer to, "Where do I begin, How do I start?"
 As a growing believer? The more you learn about Christ, the more valuable Infusion becomes.
 As a seasoned believer? The Infusion course refreshes proven ground. Restores focus & rejuvenates passion.

BECOME

Its about who you are and will be. Christian is about BEING... for us that means something on the inside will BE & feel very different

BELIEVE

What you believe affects everything, now & in your future

BELONG

Finding purpose & place in both The Church & the Kingdom of God

BEFRIEND

Making successful, meaningful connections It's part of both God's plan and a reward.

"Welcome to the Neighborhood"

You are not the only one! Life brings so many questions... God has answers... the more you grow in your faith the clearer the best answers become... God cares about the things that concern you... It is really good when people care about the things that matter to Him... That's when "Getting it" about what matters in life" becomes simpler...

Neighborhoods have invisible social boundaries... Fellowship is good when respect and honor are abundant but what about when it isn't? Hanging out with friends is best when the individual person is very comfortable when it is just them & God... When no one else is around... when the only thing captivating their attention is God... When reading the Bible is engaging them in the deepest part of their soul... that person can also get the most out of hanging with a group... Infusion will get you connected vertically... strengthening the connection between you & heaven. Infusion will connect you horizontally, creating more connection between you and family, friends, even people around the globe.

Because Faith...

Engage

Engage is how we connect young people in their journey to adulthood ... Making sure young people grow into mature adults who accept their Faith as an integral part of their life begins with respecting their natural desire & need to know about their faith. We encourage young people to serve and grow. Completing **Infusion** is the beginning of that plan.. After they finish, they can experience a "Rite of Passage" that will help set course, as they begin the road to adulthood.
