#### International School of Ministry

is an accredited & affordable video curriculum taught in local church. Its purpose is to empower people to effectively reach their families, communities, and beyond with the Gospel of Jesus Christ. It is used to train up the local body to transform the hurting and afflicted into victorious believers.

Weekly & Monthly Bible Study Groups meet. Call the church office for info.

# Missing Pieces

Life will make you aware that you are living with pieces missing. Sometimes we notice how blind & dark we are until we stumble onto something that gives us satisfaction but it never last. The happiness is only temporary. But we can cry out in our desparation to a merciful and compassionate God and He will lead you to connect with and become part of something bigger. Then we'll discover what the missing thing was. The whole time YOU WERE the missing piece in Christ's plan. He's searching for a way to reach you as you've been searching to know Him. We are part of how you will connect and find that missing piece.

We are so glad you found us! We believe that it is no coincidence that you found our church. We've been praying and looking forward to your arrival. Family by family the Lord has been drawing people to build a community of faith right here in Iowa, La. that can touch the bruised & broken then make them whole. We labor to create an atmosphere that conducts faith so that you may experience that presence of God and discern his very will for your life so that you may also gain God's very best for your life.

Part of our vision is to be a place for equipping the saints for the work of the ministry. In these times people need to draw from a solid investment in the Word. Experience and fellowship with other believers will strengthen your faith and help you grow in knowledge of the Word and we encourage one another to faith, hope and love. As you allow your faith to connect to God through the opportunities He has for you, growth will happen. If you need healing, teaching, victory and a place to worship, we would love to have you be a part of the wonderful vision God has given to us. We have a Loving God and he has commissioned us to be a Loving People. A loving people will find themselves easily loving God.

## OUR PURPOSE AND VISION To reach the Lost

by preaching the gospel of Jesus Christ with power first to Iowa, then to surrounding areas and then to the rest of the world with both our speech and life-style.

### To empower

both young and mature Christians to live a victorious life by bringing them into that presence of the Lord through the teaching of the Word and by creating an atmosphere of exuberant praise and worship that allows one to experience the very presence of God through the Holy Spirit.

### To encourage fellowship

by promoting a family atmosphere of unity, commitment and unselfish love to and through the members of this local church body. Building the Kingdom of God through the church into community, marketplace & social systems.

### To disciple

by training believers to maturity by imparting Christ like character, Biblical knowledge, Christian principles, Godly conviction, Ministry skills and by helping them discover their God given P.L.A.C.E. (Personalities, Likes, Abilities, Charisma-Spiritual gifts, Experience)

### To Serve

the church, community and ultimately the world by encouraging those who have chosen to be discipled to find opportunities to minister according to their God given P.L.A.C.E. To expand the church through planting other local bodies in other communities as God directs.
